About Our Estimates

- The AY 2026–27 tuition has been approved by the Board of Trustees. MSF tuition is charged per semester, not per credit. The rate is the same regardless of the number of credits taken, up to a maximum of 20 credits per semester.
- The AY 2026–27 fees have also been approved by the Board of Trustees and are calculated based on the number of semester hours for which you are registered. The Student Health Insurance fee for AY 2026–27 is still pending approval.
- “Additional Expenses” vary depending on your lifestyle and spending habits. These may include housing choices and whether you plan to use a university meal plan, cook most of your meals, or eat out frequently.
 - Books & Supplies: Expenses may vary depending on the courses you are taking.
 - Food & Housing: Based on reasonable but modest costs after surveying segments of our student population.
 - Other Expenses: Based on reasonable but modest costs after surveying segments of our student population, includes allowances for transportation, clothing, recreation, and other living expenses.

Illinois Tuition Guarantee

Our tuition guarantee program ensures that you’ll pay the same tuition rate each semester based on your start term, even if tuition increases in future years. This helps keep your overall tuition costs more predictable and manageable.
