Everything we do at Gies is focused on our students’ academic, professional, and personal success. Our curricular and co-curricular experiences provide a pathway for students to develop the skills needed to be competitive in the market and thrive in their careers. Each student defines success differently. Successful outcomes include employment, continuing education, and volunteer service. This report is based on responses to the annual Illini Success Survey and focuses on Gies students who graduated in the August 2020, December 2020, and May 2021 cohorts. Full reports of student outcomes are available through the Illini Success initiative.
